Endorsement of the Fair Air Fire Mask

Dear Mike

The ACT Rural Fire Service endorses the use of the Fair Air Fire Mask for use by ACT Rural Fire Service Fire Fighters during bush and grass fire operations as PPE in place of regular P2 disposable masks.

In addition to the particulate performance data provided by Dane Taylor Technologies Pty Ltd and Australian Standards, the product was tested locally for ease of use, re-useability, hydration while wearing, communication while wearing, ease of storage, comfort, effectiveness and facial protection from radiant heat.

The Fair Air Fire Mask performed satisfactory against all criteria, and very strongly overall.

Kind regards

Andrew Stark
Chief Officer
ACT Rural Fire Service
